### SARC Information

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA websites.
- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

### School Profile (School Year 2015-16)

## Instructional Materials (School Year 2015-16)

Kingsburg Joint Union High District held a public hearing on September 8, 2015, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. the State of California*. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

## Science Lab Equipment

The school stocks an adequate supply of equipment for its students. Inventory includes, but is not limited to: microscopes, slides, ring stands, clamps, support rings, utility clamps, test tubes, test tube holders and brushes, tongs, flasks, beakers, and Bunsen burners. For more information, please call the school office.

## School Facilities (School Year 2015-16)

Kingsburg Independent Study High was originally constructed in 1994 and is comprised of 2 classrooms 1 staff lounge, 1 computer lab. Cleaning Process: The principal works daily with the custodial staff of 5 (4 full-time and 1 part-time) to ensure that the cleaning of the school is maintained to provide for a clean and safe school.

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the district office for review.

Maintenance and Repair District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Deferred Maintenance Budget The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its predecessor the Standardized Testing and Reporting Program); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## California Assessment of Student Performance and Progress

California EC Section 60640 authorized the replacement of the Standardized Testing and Reporting (STAR) Program with a new assessment program, referred to as the CAASPP. All students in grades three through eight and eleven were assessed using computer-based tests in English/Language Arts and Mathematics; students in grades five, eight, and ten were also tested in Science. Science assessments were paper-based and included California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

Students receive an overall score for each subject, ranging from 2,000 to 3,000. Overall scores are reported within one of four levels:

- Performance Level 1: Standard not met - Needs substantial improvement for success in future coursework.
- Performance Level 2: Standard nearly met - May require further development for success in future coursework.
- Performance Level 3: Standard met - Demonstrates progress toward mastery.
- Performance Level 4: Standard exceeded - Demonstrates advanced progress toward mastery.

ELA results include information about the students' performance in the areas of reading, writing, listening, and research. Reports of mathematics results include information about students' performance in problem solving, using concepts and procedures, and communicating mathematical reasoning.

The table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards) in English Language Arts/Literacy (grades 3-8 and 11) and math (grades 3-8 and 11).

The following tables display information on student achievement at each performance level in English/Language Arts and Mathematics for the school by student groups for grades three through eight and eleven.

Note: A student is defined as socioeconomically disadvantaged if the student was eligible for the free or reduced-price lunch program (also known as the National School Lunch Program or NSLP), migrant, foster youth or homeless, or neither of the student's parents was a high school graduate.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards).

The table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards) in Science, for the most recent three-year period.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

## UC/CSU Course Completion

Students at Kingsburg Independent Study High are encouraged to take University of California/California State University (UC/CSU) A to G preparatory courses in order to provide them with the option to attend a four-year university. All students must pass each course with a grade no lower than a 'C'. It is our goal to ensure that all students have as many post secondary options as possible and by insisting on a rigorous curriculum for all students hope to increase each students options upon high school graduation.

To view the Kingsburg High School courses that are on the UC/CSU A-G list you may log on to [www.ucop.edu/doorways/list](http://www.ucop.edu/doorways/list)

## State Priority: Other Pupil Achievement

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority:

- Pupil outcomes in the subject areas of English, mathematics, and physical education.

## Physical Fitness (School Year 2014-15)

In the spring of each year, each school is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test is a standardized evaluation that tracks the development of high-quality fitness programs and assists students in establishing physical activity as part of their daily lives. Results of student performance are compared to other students statewide who took the test.

## California High School Exit Examination (CAHSEE) Results for All Grade Ten Students (School Year 2014-15)

The California High School Exit Exam is primarily used as a graduation requirement in California, but the results of this exam are also used to determine Adequate Yearly Progress (AYP) for high schools, as required by the Federal No Child Left Behind (NCLB) law. The CAHSEE has an English language/arts section and a math section and, for purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient. The score a student must achieve to be considered Proficient is different than the passing score for the graduation requirement. The first table displays the percent of students achieving at the Proficient or Advanced level for the past three years.

There is a designated area for student drop off and pick up. Visitors are required to report directly to the office upon entering campus.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

### Adequate Yearly Progress (School Year 2014-15)

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff. Students would also be allowed to transfer to schools (within their district) that have met their AYP, and the former school would be required to provide the transportation to the new site. Results of school and district performance are displayed in the chart.

Adequate Yearly Progress (AYP)						
Made AYP Overall	School		District		State	
	Yes		Yes		Yes	
Met AYP Criteria	English - Language Arts	Mathematics	English - Language Arts	Mathematics	English - Language Arts	Mathematics
Participation Rate	Yes	Yes	Yes	Yes	Yes	Yes
Percent Proficient	N/A	N/A	N/A	N/A	N/A	N/A
Met Attendance Rate	N/A		N/A		Yes	
Met Graduation Rate	N/A		Yes		Yes	

### Federal Intervention Program (School Year 2015-16)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

	Federal Intervention Programs	
	School	District
Program Improvement (PI) Status	Not in PI	In PI
First Year in PI	-	2012-2013
Year in PI (2015-16)	-	Year 3
# of Title I Schools Currently In PI	-	1
% of Title I Schools Currently In PI	-	50.0%

### Advanced Placement Classes (School Year 2014-15)

Kingsburg Independent Study High encourages students to continue their education past high school. Kingsburg Independent Study High does not offer Advanced Placement (AP) courses. This is due to the fact that our focus is working with students that are deficient credits and still have the opportunity to earn a high school diploma.

### Class Size

The table indicates the average class size by grade level or subject area, as well as the number of classrooms that fall into each size category.

Class Size Distribution												
Average Class Size	Classrooms Containing:

## Counseling & Support Staff (School Year 2014-15)

It is the goal of Kingsburg Independent Study High to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. The counselor to pupil ratio is 1:50. Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

### Counseling & Support Services Staff

	Number of Staff	Full Time Equivalent
Academic Counselor	1	.5
Assistant Principal	1	.5
Attendance Clerk	1	.5

## Staff Development

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year, then sharing their experiences and knowledge with district colleagues. The district dedicated 30 days to staff development annually for the past three years. Topics for staff development included: differentiated instruction, the use of data to inform instruction, increasing parent communication, and utilizing research based instructional strategies across all curricular areas. The district dedicates three full days and four "foggy in-service" days to staff development annually.

## Teacher & Administrative Salaries (Fiscal Year 2013-14)
